Dear Members

Covid update

We now have approximately 45% of members who have notified their vaccination status. It is optional to notify the FGA. For members playing in the Championships this Saturday the result may be delays in tee times.

If you are unvaccinated or have not notified FGA about your vaccination status you must play in groups of 2 only.

Failure to comply with this ruling will result in the following:

- Disqualification from the FGA competition round of golf
- Ordered to leave the golf course

Social players will be ordered to leave the golf course if not complying.

Repeat offenders may result in a temporary ban from entry to the Forbes golf course.

The Forbes Nissan Classic

Bookings are filling quickly with very few locals having nominated. If you are intending to play you are advised to book asap to avoid disappointment.

Note: Covid rules apply so that unvaccinated and undisclosed status means you cannot play in the 4BBB on Saturday and only in groups of 2 on Sunday. There will be a minimal number of tee times for groups of 2 so book early if you intend to play on the Sunday.

Happy golfing and best of luck to all the contenders in potentially winning positions.

Ted Morgan

President FGA 14th October, 2021
